# Gallery Treasure Hunt

How many umbrellas can you find?

How many people do you see reading something?

What's your favorite artwork?

What do you think they might be reading?

What do you like about it?

The artist, Elizabeth Lampman Davis, has hidden herself somewhere in one of the artworks.

In the artwork of the parade, what do you think they're celebrating?

Can you find her?  
Hint... she's wearing the same clothes she's wearing on the other side of this Treasure Hunt

What questions do you have?

Inside which artwork would you most like to spend the day?

Want to send the artist your answers or questions?
