

Introduction to Formula of Love

Would love be more simple or predictable using mathematical approach?

Formula of love

Trivia is paired with sophistication,
Mixed drops of silly and the smart
Lacks any term for explanation
Of feelings arrow across a heart.
Extracted from the separation
The intervals of light and dark
Conceal a hint of fabrication
For a clear vision on a grown spark
Pass by the avenue "Romance Novelization".
Its tenderness and roughness of bark
Plus, brush of innocent dramatization
Becomes the love's equation mark
At fullest culmination!
